

Is Subsequence - Code Solution

```
/**
 * @param {string} s
 * @param {string} t
 * @return {boolean}
 */
var isSubsequence = function(s, t) {
    let i = j = 0;

    while (j < t.length) {
        if (s[i] === t[j]) {
            i++;
        }
        j++;
    }

    return i === s.length;
};
```
